

# The I-405 Project Team is Co-Locating

**600 – 108th Avenue NE, Suite 405  
Bellevue, WA 98004  
425-456-8500**

Monday, March 8th, is the first official day of co-located business at the I-405 Project Team's Bellevue location. Team members from WSDOT, HNTB, HDR, Parsons Transportation, McGowan Environmental, Mirai & Associates, PRR, Wilkinson Ferrari & Associates, Anchor Environmental, and Certified Land Services, will be located in Suite 405 at 600 – 108th Avenue NE. In addition, there will be drop-in offices for WSDOT Headquarters staff, FHWA, FTA, and other local and regulatory agencies.

WSDOT's Urban Corridors Office (UCO) researched how best to deliver large, urban corridor, design-build projects, such as I-405. UCO managers participated in research trips, taking them states that are delivering large projects with aggressive project delivery schedules. A key message from this research is that co-location is critical, especially for large design-build projects. Co-location provides the best efficiency and communication for the project.

## I-405 Expanded Project Management Team

*The expanded PMT met at Suite 405 for the first time, Wednesday, February 24th.
